🪪 Profile

I'm a Computer Science and Business Systems student with a strong focus on UI/UX and 3D design. My passion lies in crafting intuitive and visually appealing user interfaces that enhance user experience. I thrive on solving design challenges and ensuring high-quality outcomes through meticulous research and user-centered design principles. With experience working both collaboratively and independently, I excel at delivering impactful design solutions and adapting to diverse project requirements.

🎓 Education

- **Bachelor of Engineering computer science and business systems**
  Jspm's Rajarshi Shahu Collage, Tathwade.   2021 – 2025

- **Higher Secondary Education, 12th**   2020 – 2021
  Vidyadham Jr.collage of science, Shirur, pune.
                                                                           2018 – 2019
- **Secondary Education 10th**
  Vidyadham Jr.collage of science, Shirur, pune.

📁 Projects

Physiotherapy Website (Physiotopia)   20 Sep, 2023 - 07 Mar, 2024
Artificial Intelligence| Machine Learning| SQL| Django| HTML/CSS/JS| ReactJS| Flask|

- Artificial Intelligence (AI) & Machine Learning (ML): Developing intelligent systems and algorithms for data-driven insights, automation, and performance enhancement in physiotherapy and rehabilitation.
- SQL: Managing and querying relational databases to support data analytics and personalized solutions for injury prevention and rehabilitation.
- Django & Flask: Building robust and scalable web applications to deliver innovative physiotherapy and rehabilitation solutions.
- HTML/CSS/JavaScript: Designing and implementing engaging web content and interactive features to enhance user experiences on the Physiotopia platform.
- ReactJS: Creating dynamic and responsive user interfaces to optimize patient outcomes and improve the overall recovery experience.
- UI/UX Development: Created intuitive and engaging user interface for Physiotopia.

Healthy Weather Website(Weatherify)   10 May, 2023 - 10 Aug, 2023
MachineLearning| UI/UX developement| Database management| SQL| Java Script|

- Machine Learning: Developed algorithms for personalized diet recommendations.
- UI/UX Development: Created intuitive and engaging user interface.
- Database Management & SQL: Managed and queried databases.
- JavaScript: Enhanced interactive features.

🎖 Certificates

Fundamentals of digital marketing   **Graphic Design with Photoshop**   **Adobe InDesign CS6**
(from Google)   (From Great Learning)   (From Alison)

👥 Skills

- **UI/UX**
- **Figma**
- **Adobe XD**
- **Project Management**
- **Unity**
- **Designing**
- **Blender/Canva**

⚙ Coursework

- Computer Network
- Data Structure
- Operating Systems
- DBMS
- Web Development
